FIFTH ELEMENT

ONE TEAM. FIVE ELEMENT. ONE VISION

FIRE

Ethan Diai | CEO

Vision and leadership to drive our mission forward.

AIR

Juliette Letreneuf | CMO

Communication and creativity to share our vision and grow our impact.

EARTH

Rémi Dalmasso | COO

Operations and execution to turn ideas into reality.

WATER

Martin Ygonnin | CTO

Technology and innovation to create smart and adaptive solutions.

METAL

Quitterie De Villoutreys | CPO

Product design and user experience to build meaningful and elegant solutions.

#SmartGarden #AI #PersonalizedDesign

TAGLINE

Smart gardening designed around you.

PROJECT SUMMARY

Fifth element is developing a smart and personalized gardening solution for homes. Our system combines connected sensors, automated watering and intelligent lighting to adapt plant care to each plant's specific need. Through AI, we help users understand their plants and optimize their growing condition, even when they are away. We focus on customizable and aesthetic designs that integrate naturally into different living spaces.
